A Neil Squire Program

GAME CHECKPOINT TRAINING

– APPENDICES

Table of Appendices

Introduction	1
Appendix A: MMC Resources.....	2
Appendix B: Other Resources	3
Appendix C: MMC AT Links	5

The information contained in these documents and any DIY AT devices are subject to the Makers Making Change Terms of Use which can be found at:

<https://makersmakingchange.com/terms-of-use/>

Introduction

The following are a set of 3 appendices to frequently referenced pages. They focus on the following:

A. MMC Resources

- Aim to help compare and make decisions around which devices may be suitable for someone.
- These selection guides often focus on both MMC devices as well as comparable market solutions.

B. Other Resources

- This provides a list of various other organizations, resources, or centers also working on adaptive gaming that have useful content/services.

C. MMC AT Links

- This is a full list of the devices that the GAME Checkpoints received from Makers Making Change. This can be used to request more devices for a gamer or the center itself.

Appendix A: MMC Resources

There are various resources such as device selection guides, volunteer Resources, and resources from experts available on our Resources section of our website. These can help guide you through the selection of assistive switches, joysticks, switch interfaces, and more.
